Re: Petition of USTelecom for Forbearance Pursuant to 47 U.S.C. § 160(c) to
Accelerate Investment in Broadband and Next-Generation Networks, WC
Docket No. 18-141

Dear Ms. Dortch,

I am writing to you on behalf of SAGE Consulting Engineers. We perform civil engineering services for land development and municipal infrastructure improvement projects. We are a Sonic customer, and we urge you not to grant USTelecom's petition.

We use Sonic's highspeed broadband service. They are the only broadband provider in our office building, and they offer highspeed internet at an affordable price. They also provide responsive customer service and immediate technical support.

Please do not end the ability of providers like Sonic to offer an alternative to the incumbent providers.

Sincerely,
SAGE Consulting Engineers, Inc.
